Ad 1. Paper + discussion

Procedure

1. Till 15 III 2018 student sends paper (essay) to me on my e-mail (j.and@amu.edu.pl)
(earlier student can discuss the chosen topic with me)
2. During one week I answer to your e-mail.
3. We set the term (during my duty) and then discuss about your paper (essay).
4. I give you a grade.

Tips for students who writes a paper (essay):

- a) paper (essay) has to concern an important for **private law** figure (individual) / important group of jurists;
- b) paper (essay) cannot be limited only to encyclopedic presentation of curriculum vitae of jurist!
- c) in paper (essay) student explains why the given person (group) was so influential and why she/he/the group can be considered as "great";
- d) output of jurist(s) has to be embedded in the given époque (therefore it's good to present the background of their activity, current state of knowledge etc.)
- e) it's good when - after introduction - student presents example of an impact of the given jurists (presentation of part of his work, even short article, handbook or legal dispute). Your paper can even take the form of review of some work (important book, handbook, article).
- f) don't be afraid to show your opinions about jurists, époque etc. (however you have to use formal language).

Ad 2. Writing exam
