Ad 1. Paper + discussion

Procedure

1. Till 15 III 2019 student sends paper (essay) to me on my e-mail (j.and@amu.edu.pl)
(earlier student can discuss the topic with me)
2. During one week I answer to your e-mail.
3. We set the term (during my duty) and then discuss about paper (essay).
4. I give you a grade.

Tips for students who writes a paper (essay):

- a) paper (essay) has to concern an important figure (individual) / important group of jurists for **private law**;
- b) paper (essay) should not be limited only to encyclopedic presentation of curriculum vitae of jurist!
- c) in paper (essay) student explains why the given person/group was influential (and why she/he/the group could be considered as "great");
- d) output of jurist(s) should be embedded in the given époque (therefore it's good to present the background of jurist's activity, current state of knowledge etc.)
- e) it's good when - after introduction - student presents example of an impact of the given jurists (presentation of part of his work, even short article, handbook or legal dispute).

Your paper can even take the form of review of part of output of the given jurist (important book, handbook, article).

- f) don't be afraid to show your opinions about jurists, époque etc. (however you have to use formal language).
- g) I hate plagiarism!
